5.1. Feel free to contact Martins Balodis +371 29415814 or Elvijs Meisters +371 26663303 by WhatsApp message or call at any time for any logistical and practical questions.

6. PARTICIPANTS

6.1. Any Latvian resident or foreign guest can participate in the competition. Participation is prohibited for athletes from the Russian Federation and Belarus. Participants must be 18 years of older.

6.2. Crews (boat) consisting of two athletes.

6.3. Teams consisting of two crews (boats).

7. APPLICATION PROCEDURES AND DEADLINES

7.1. Athletes may apply for the competition as an individual crew or as a team, in accordance with the provisions of these regulations.

7.2. Registration and payment of the participation fee is done electronically on the website

<https://play.tournated.com/tournament/6775/Garmin-Predator-Cup-2025?tab=general>

With existing sportfishing.live athlete profile please use the same email and login password. Each participant creates an athlete's profile (the new Latvian Fishing Card number must be entered in the existing profile). Second athlete will not show up for registration if profile has not been created before.

If invoice is required, please click pay onsite and email Elvijs Meisters baits@eholotes.eu

7.3. Applications for the event are accepted until July 31st, 2025 at 23:59.

7.4. There is a 75 boat limit.

8. ENTRY FEE

8.1. Entry fee for the crew/boat is € 400 when registering until 31.12.2024; € 500 until 01.05.2025; € 600 until 31.07.2025.

8.2. The organizer of the competition reserves the right to refuse the participant to participate in the competition without explanation, notifying the participant in writing by 31st July 2025. Participants must have an impeccable reputation. In this case, the paid participation fee is returned to the participant.

9. OBLIGATIONS OF PARTICIPANTS

- 9.1. When applying for the competition, the participant undertakes to: pay the entry fee set by the organizer within the specified period; to observe and fulfill the requirements and instructions of the organizer; decisions of jury; these rules; Regulations on Fishing, Crayfish and Underwater Hunting (Cabinet Regulation No. 800 of 22 December 2015); Regulations on Vessel Traffic in Inland Waters (Cabinet Regulation No. 92 of 9 February 2016); Regulations of the Freeport of Riga (binding regulations No. 77 of 4 February 2020), as well as other laws and regulatory enactments that are in force at the place and time.
- 9.2. The participant confirms that his / her health condition, skills and abilities allow him / her to participate in fishing sports competitions and by his / her actions undertakes not to create conditions and to avoid actions that pose another danger to safety or health.
- 9.3. Confirms that it is known that the use of photo, video and audio recording material taken during the event for commercial purposes without the written permission of the organizer is prohibited.
- 9.4. The participant agrees that persons accredited by the organizer will photograph and film the course of the competition, including the angling process in the athlete's boats.
- 9.5. Confirms that the organizer of the event may use the data provided by the competitor for their own and sponsors' needs as far as the organization, conduct and reporting of the competition is concerned, and authorize the organizer and accredited persons to make public results of the competition, photos and videos of the event, in which the anglers are recognizable, in the press, on television, and on the internet, including on the website of the competition organizer.

10. COMPETITION AREA

Public waters that can be accessed from the starting point of the competition using the competitor's boat. Except start and finish area. Mana Cope application map should be used to follow speed limits and restricted areas.

<https://apps.apple.com/lv/app/mana-cope/id1461453079>

<https://play.google.com/store/apps/details?id=lv.llkc.manacope>

For maps/charts of fishing venue contact our sponsor <https://eholotes.eu/en/depth-maps/>

11. COMPETITION PROCEDURE

- 11.1. The competition takes place according to the program and schedule compiled by the organizers. Both athletes of each crew must participate in the boat parade, boat inspection, awards ceremony and other activities organized by the organizer.
- 11.2. The sticker on the participants' measuring board must be received for each day of the competition separately.

- 11.3. Athletes are given an accreditation card, which must be carried throughout the competition.
- 11.4. If any of the athletes does not arrive on any of the competition days, single athlete may start.
- 11.5. Boats start one after another in order of numbers on stickers driving through the start gate. Boat nr. 1 starts first, boat nr. 2 starts second... The same start orders applies for both days.
- 11.6. Start number stickers are issued according to registration numbers in sportfishing.live system. Earlier registration – higher start number.
- 11.7. The numbers issued must be fixed by competitors to both sides of their boat in such a way as to be clearly visible from a distance and must be kept throughout the competition.
- 11.8. Stickers issued by the organizers with the supporters of the competition, participants must fix on their boat on both sides and ensure that they are kept throughout the competition.
- 11.9. The start will be organized from the river Daugava (Infront of the venue City Yacht Club).
- 11.10. Fishing area is not limited. The place where the crew can fish is freely chosen by evaluating the technical condition of the boat, technical possibilities and fuel stocks, with a calculation in order to be able to follow the competition schedule.
- 11.11. The fish are caught in the angling technique, one athlete using one rod equipped with one artificial bait.
- 11.12. Artificial lure may be equipped with one to three single, double or triple hooks.
- 11.13. Photos of the fish caught and videos of the release are taken by the crew. Photos and a result application will be sent by one of the crew's athletes. The result report is filled in and signed by both crew members and submitted to the crew in person.
- 11.14. Once boat has crossed start/finish buoy, no fishing allowed at marina and registration of caught fish is stopped.

12. RECORDING, PHOTOGRAPHY AND SUBMISSION OF FISH CAUGHT

- 12.1. In the WhatsApp mobile phone application, two photos of the fish that meet the following criteria must be submitted electronically, to Elvijs Meisters +371 26663303:
 - 12.1.1. The first photo - the fish is photographed on a ruler provided by the organizer so that it is clearly visible:
 - 12.1.1.1. the length of the fish, the figures on the ruler and sticker of the competition day (the muzzle of the fish must be supported against the stop of the ruler);

- 12.2. The second photo - the fish photographed together with the angler and a clearly visible ID card of angler. The fish and the angler are photographed by the other crew member.
- 12.3. Both photos must show clearly and completely the left side of the fish.
- 12.4. Both photos are taken only with the phones of the athletes who caught the fish.
- 12.5. When submitting photos, the species and length in centimeters of the fish must be indicated.
- 12.6. Only two photos may be submitted per fish, each photo may be submitted only once. Length of the fish is confirmed by jury.
- 12.7. Photos bleeding fish or unethical photos will not be accepted and fish will not count.
- 12.8. Photos of the fish must be sent no later than 5 (five) minutes after the fish has been lifted from the water.
- 12.9. An individual fish (double catch) can only count one time in the whole competition.
- 12.10. Fish that can't be released due to severe injuries must taken according to minimal size limits of local regulations. Jury President must be informed beforehand.
- 12.11. If the submitted photos meet the specified criteria, the jury will accept them. If the submitted photos, both or one of them, do not meet the specified criteria, the jury will not accept them without explanation. The decision of the judges is indisputable.
- 12.12. Jury have the right to request additional proof of the authenticity of the catch (additional evidence that the fish was caught on the day and during the competition), for which the participants must present a video of the release of the fish. In the video of the release must be clearly visible fish, and the action of lifting the fish from the ruler and release in the water. Competitors may also take additional videos showing that the fish was caught on the day and at the time allowed for the competition.
- 12.13. If the jury have doubts about the authenticity of the catch and the competitor can't convincingly prove otherwise, the jury will not count the fish in question.
- 12.14. Top 6 winning boats must show jury and submit to organizers video of all 9 caught fish capturing process of catching, retrieving, measuring and releasing of each fish. Action cameras must be used.
- 12.15. After request location must be sent to jury president during competition fishing time.
- 12.16. Result of the day from crew that returns to marina after set time will not be counted.

13. RESULTS

- 13.1. Final result (both days) consists of points awarded for each centimeter of length for 3 (three) of the largest fish taken from the following species: pike, pikeperch-zander, perch and

additional points. The crew gets 100 extra points if 3 perch, 3 pikeperch-zander and 3 pikes are registered during the competition both days. Competitors on the second day continue with the result achieved on first day.

- 13.2. Pike from 50 cm, pikeperch-zander from 45 cm, perch from 25 cm in accordance with these Rules shall be accepted.
- 13.3. The length of the fish must be submitted as follows:
 - 13.3.1. catch size, if in accordance with the Fishing, Crayfish and Underwater Hunting Regulations and these Rules, counted in full cm, examples, perch 31.0 cm -registered as 31 cm, and perch 31.9 cm - registered as 31 cm.
- 13.4. Places will be allocated to crews according to the points received and additional points (if applicable). More points - higher place.
- 13.5. In case of equal points, the highest place gets the crew with 9 fish. If that's not the case, crew who caught the longest fish, if the size of the longest fish coincides, the crew that caught the fish closer to the end of the time given for fishing. If the time coincides, the crew that catches the registered fish first gets the highest place.
- 13.6. The result of a team is the sum of the points received by its crews and the number of additional points (if applicable). Higher team points, higher place.
- 13.7. In the case of equal team points, the highest place gets the team with 18 fish. If this is not the case, the team whose crew caught the longest fish, if the size of the longest fish is the same, the highest place gets the team whose crew caught the longest fish closer to the end of the fishing time, if the time coincides, the team whose crew first registered fish.
- 13.8. If the result of the crew is not registered, the crew has not started, is not allowed to compete or is disqualified, crew gets the place below the last +1.
- 13.9. The jury reserve the right to clarify the recorded results based on the photos of fish submitted by the participants if the violations found.

14. REQUIREMENTS FOR PARTICIPANTS

- 14.1. Athletes' physical abilities, state of health, knowledge and skills allow them to participate in competition.
- 14.2. Athletes have been registered for event and the entry fee has been paid in full for the crew or team within the term specified in the regulations.
- 14.3. Athletes must provide themselves with:
 - 14.3.1. charged mobile phone with an internet connection, a photography function and install the sportfishing.live application, thus providing the opportunity to take and send photos and fish release videos for duration each day of the competition;

- 14.3.2. action camera to record process of fishing;
 - 14.3.3. a valid Latvian Fishing Card <https://www.manacope.lv> or a document authorizing fishing without it;
 - 14.3.4. a valid document certifying the right to operate a boat (at least for one of the athletes in the boat);
 - 14.3.5. angling gear, artificial lures and accessories for the gentle capture and release of the fish;
 - 14.3.6. weatherproof clothing and footwear;
 - 14.3.7. water and food supplies, if needed.
- 14.4. The crew must have a boat that is equipped in accordance with the applicable laws and regulations, the needs of the athletes and is in good technical condition.
 - 14.5. Participants must take care of their angling equipment and boat. The organizers are not responsible for the boats, equipment and personal belongings of the competitors.
 - 14.6. Competitors are solely responsible for their own safety on the water, fishing and navigation rules.
 - 14.7. Athletes do not object to the inspection of the boat and its equipment before the start of the competition on each day of the competition and during the competition fishing time.
 - 14.8. Athletes must take a photo / video operator on their boat during the competition to provide live video coverage. Team have an option to participate with their own video operator who provides live stream from the boat. Phone with good quality camera needed. Organizers must be informed about it until July 31st. Video operator must participate in meeting on Thursday evening at City Yacht Club to test live stream.
 - 14.9. Athletes must place a video camera provided by the organizer on the boat during the competition.
